Special Issue of *Finance* on Portfolio Optimization in memory of Professor Roland Portait

Finance, the academic journal of the French Finance Association, will publish a special issue in memory of Roland Portait, professor at ESSEC and CNAM, who passed away in March 2021. Professor Portait has served for many years as the co-editor of *Finance* and he has been instrumental to the development of the journal. The special issue will be devoted to the topic of portfolio optimization – a field of research to which Professor Portait significantly contributed.

Particularly welcome are research papers related to dynamic asset allocation, portfolio insurance, the numeraire portfolio (that list is not exhaustive). The submission process will be similar to that of regular articles submitted to the journal.

Submissions should be sent to: finance.manuscriptmanager.net with a mention to the special issue in the cover letter.

Important dates:

. Deadline for submissions: June 30th, 2021.
. Notification of conditional acceptance: August 31st, 2021.
. Deadline for final manuscripts: October 31st, 2021.
. Publication date: End of 2021.

Carole Bernard, Co-editor
Grenoble École de Management
& Vrije Universiteit Brussel

Pascal François, Co-editor
HEC Montréal

Christophe Godlewski, Co-editor
University of Strasbourg
