

Assistant / Associate Professor in Accounting or Management Control

Toulouse School of Management (TSM; University of Toulouse 1 Capitole) invites applications for a position as Assistant or Associate Professor (Maître de conférences) in Accounting, Auditing, or Management Control within its Accounting, Auditing & Management Control Department.

Profile

Candidates should hold a Ph.D. (or equivalent degree) at the time of appointment (starting at earliest in September 2022). They should either have an established international publication record in high-ranking academic journals and/or demonstrate an outstanding publication potential in Accounting. Emphasis is placed on the applicant's research potential, which means that a candidate with a large research potential may be preferred to a candidate with a large research production.

The successful candidate is expected to be physically present on a regular basis and actively participate in both the teaching and research activities of the Department.

The position requires a high level of fluency in both English and French.

Teaching load

A full professorship corresponds to a total of 128 teaching hours a year. A half teaching load for the first year of their appointment can be considered for junior associate professors, depending on their research potential.
